ABL DISSACO processes your personal data because you use or would like to use the services of ABL DISSACO, and/or because you have provided this data to ABL DISSACO yourself.

## **WHICH DATA:**

ABL DISSACO gathers data that is necessary to provide you with optimal services, to fulfil a contract and/or to fulfil legal requirements.

The data processing is carried out in accordance with the new European data protection law, the General Data Protection Regulation (GDPR).

You can find further information about this regulation on the website of the data protection commission:

## **PURPOSE:**

This data is processed as part of the fulfilment of a contractual agreement and to be able to communicate with suppliers, partners and prospects.

We also need this data to answer questions posed to us and to carry out tasks assigned to us. We will also use this information to inform you about services that are relevant to the contract agreed with you. If no contract has yet been agreed, we will use your data to contact you by telephone and/or in writing (via e-mail and/or post).

## **STORAGE:**

In relation to the contract, ABL DISSACO does not store your personal data for longer than is necessary and/or not longer than legally prescribed, in order to fulfil the purpose for which your data was gathered. If no contract has been agreed, your personal data will not be stored longer than ten years.

## **PROTECTIVE MEASURES:**

ABL DISSACO has taken adequate technical and organisational measures to guarantee the secure processing of your personal data. These measures correspond to the type of personal data and to the potential seriousness of the risk and they serve to prevent misuse, loss, unauthorised access, unwanted publication and unapproved modifications.

The risk of an unintentional or unauthorised destruction or loss of data, changes or access to the data, as well as any other unapproved processing, is reduced to a minimum.

Unfortunately, it is impossible to rule out all risks fully. If there is unauthorised access to the IT systems of ABL DISSACO, we will immediately take all possible measures to limit damage and/or theft of data to a minimum. If the rights of third parties have been infringed, the data protection commission and those affected will be informed about the data leak.

#### **DISCLOSURE:**

ABL DISSACO only passes on your personal data to third parties (within and outside of the European Union) if it is necessary for fulfilling the contract agreed with you and for complying with laws. You may submit a complaint at any time.

If ABL DISSACO uses external parties, partners or subcontractors for services, they must also comply with the new regulation. It is agreed in a processing contract that they must take appropriate protection measures AND how these can be checked.

#### **COOKIES:**

General visitor data is stored on our website, such as the IP address of your computer, the time of access and the data that your browser sends. This data is used for improving the function of the website. We do our best to anonymise this data as far as possible.

If you discover that other cookies are being placed, we kindly ask that you notify us so that we can carry out the necessary measures and changes.

#### **RIGHTS:**

You have the right at any time to view, correct and delete your data, unless there is a legal requirement to store your data. To exert this right, you can send a request to [GDPR@abldissaco.com](mailto:GDPR@abldissaco.com). Your request will be processed as quickly as possible, in any case within four weeks.

Even in case you have given us your permission to use your data, you can withdraw this permission at any time.
